

2010 Conference Announcement.

Please Mark Your Calendars!

After an extremely successful 2009 conference in Langford, BC, the [CWMA](#) Conference Committee is pleased to announce that our 2010 conference will take place **October 20 – 22, 2010** at the [Tigh-Na-Mara](#) resort situated in Parksville, B.C.

The CWMA conference is a regional event focused on the development of local solutions for the management of waste. The conference charts the way forward for the advancement of waste and recycling issues and provides a unique opportunity for networking among waste management practitioners, municipal staff, ministry staff, non profit organisations, product stewards as well as public and private sector organisations.

If you have attended a CWMA conference in the past, you know that we aim to make the experience truly rewarding and beneficial for all participants.

This is a **MUST** attend conference for all waste management stakeholders. As in the past, the conference will be developed with a significant amount of member input. If you are interested and are willing to help on the conference committee, please contact me at info@cwma.bc.ca

If you have a paper that you wish to present, a speaker you would like to hear from or a topic that you think we should cover, I encourage you to make your submissions to the Conference Committee for their consideration.

Stay tuned for more information on the conference in the coming months and I hope that you will join us in Parksville. The CWMA Board and the Conference Committee very much look forward to welcoming you.

Sincerely,

Will Burrows
Executive Director
